

Invest Pass

13/11/2020

Do you have a solution to **accelerate Paraná State sustainable development** ? **Sign up for Invest Pass program** and be part of our **collaborative boosting program**.

What are we looking for?

Projects, research, methodologies, products, processes, services and systems focused on **innovations** that are able to induce **sustainability** in the State of Paraná.

About the program:

Invest Paraná is welcoming **sustainable solutions developed by society**. The objective is to **promote sustainable projects that impact on the state scenario** through technical mentoring to develop the initiatives and/or to promote its adaptation to **implement a pilot project that**, if approved, **could be replicated in the State of Paraná**.

If your idea meets at least one of the characteristics below, **subscribe**.

1) It **Accelerates Sustainable Development Goals** (SDGs) according to the 2030 United Nations (UN) Agenda;

- II) Presents **new policies for local sustainable development**, and has a potential for replication;
- III) Enables the insertion of innovative sustainable processes in the governmental structure;
- IV) Stimulates **green entrepreneurship**.
